

SHYAMSUNDAR K

UI/UX & Product Designer | AI-Driven Digital Experiences

Chennai, India • +91 8870579760 • shyamsundar8104@gmail.com • [LinkedIn](#) • [Behance Portfolio](#)

PROFESSIONAL SUMMARY

UI/UX & Product Designer with 2+ years of core design experience crafting digital products across SaaS, EdTech, Healthcare, E-commerce, and IoT. Specialized in driving the end-to-end product lifecycle—from user research and information architecture to high-fidelity prototyping, design systems, and usability testing. Proven track record of leveraging AI-assisted workflows to boost design velocity and translating complex AI capabilities into intuitive, user-centered product features.

SKILLS

UX & Strategy: User Research, Information Architecture, User Flows, Wireframing, Interaction Design, Usability Testing

UI & Visual Design: Design Systems, Component Architecture, Responsive Web/App Design, Design Specifications

AI & Innovation: AI Workflows, Generative UI, Prompt Engineering for Prototyping, AI Feature Integration

PROFESSIONAL EXPERIENCE

UI/UX Designer – L&D Oct 2025 – Present

HCL GUVI

- Redesigned core LMS navigation and filtering workflows, reducing content-discovery friction and boosting learner engagement metrics.
- Integrated AI-assisted design tools into daily workflows, cutting research and ideation time by ~50%.
- Architected UX frameworks for AI-powered features, translating complex AI outputs into intuitive, user-facing interfaces.
- Authored technical publications on AI-driven design workflows and productivity optimization.
- Collaborated with cross-functional teams to balance user needs and business goals, delivering design solutions that satisfied both perspectives.

UI/UX Designer Sep 2024 – Mar 2025

Cavin Infotech (CavinKare Group)

- Led UX research and end-to-end product design for an internal Project Management Tool, reducing task turnaround time by 25%.
- Designed an enterprise Salon Management Dashboard, optimizing scheduling workflows and reducing admin effort by 30%.
- Designed a facial recognition attendance application for seamless workforce operations.

UI/UX Designer Jun 2023 – Jul 2024

Regami Solutions

- Designed user experiences across web, mobile, and embedded platforms for 7 products spanning E-commerce, Healthcare, and IoT.
- Built and maintained a scalable design system comprising ~24 components and their variants, enforcing visual consistency across the product ecosystem.
- Created branding and marketing assets, including logos, landing pages, and corporate identity materials, contributing to improved usability and positive stakeholder feedback.
- Collaborated directly with clients and stakeholders through on-site meetings to gather requirements, align business objectives, and translate insights into effective design solutions.
